THE GRAHAM

1966

From hour to hour, from day to day, from year to year, time changes all.

Published by

GRAHAM HIGH SCHOOL

Bluefield, Virginia

Foreword

Dear Students,

We decided to concentrate on the changes of this year with just a hint of years gone by, lest you forget them in the hurry of the days ahead.

Never before, they tell us, have so many changes come so rapidly. Look around you and see for yourselves some of the differences.

We give you your '66 annual. It's different, isn't it? As we go on our way, let's welcome the strange, the new. It was Longfellow who said, "All things must change to something new, to something strange," and, we hope, to something better. Let us await the challenge of the future eagerly.

Your editors,
Julie and Deloris

Fall Specials

POWDER PUFF FOOTBALL

Are these girls? Somebody goofed! Not really - this happens to be a new sport at Graham. The Graham High Y-Teens played the Beaver Y-Teens on October 23 at Graham, beginning an annual event -- we hope.

GRAHAM 13 BEAVER 6

THE BIG GAME

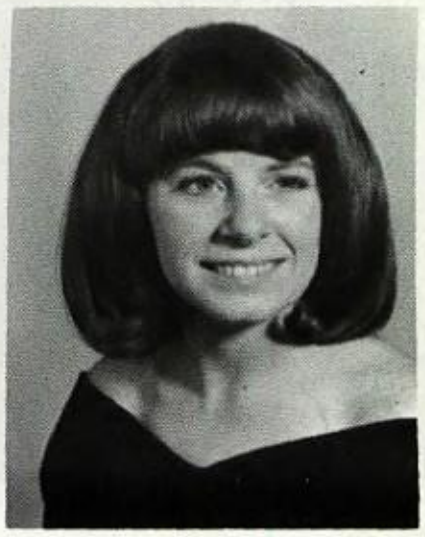
Graham receives the ball, the crowd yells, and the team bounds into action. With the help of the Key Club, and the Y-Teen sponsors Mrs. Wetzel, Mrs. Dunn, and Mrs. Belcher, the game was a success -- in more ways than one! Coaches Ronnie Yost, Tim Parris, and Ray Maupin can really be proud of their team.

Y-TEENS ON THE GO!

On November 20 fourteen Graham Y-Teen delegates and eleven Beaver Y-Teen delegates left the YWCA for the annual state Y-Teen conference at Jackson's Mill, West Virginia.

ARE THEY FOR REAL?

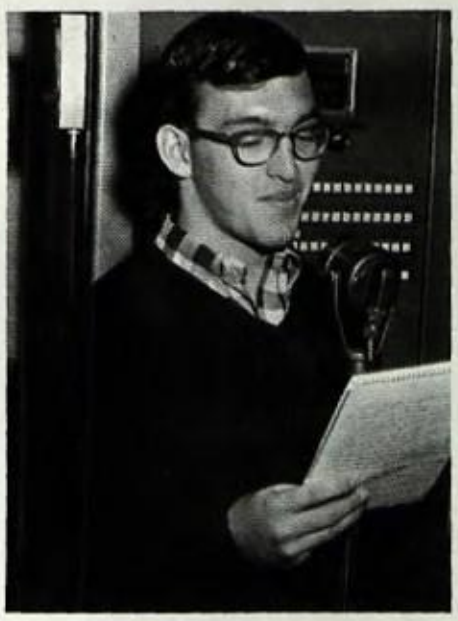
Key Club Cheerleaders added a spark of gaiety to the game. The attractive cheerleaders pictured above are Bradley Lawson, Dane Morehead, Alvin Lester, Bill McDarmont, Doug VanDevender, and on top is Linky Carter.



MISS FLAME

Redheaded Linda Lester represented Graham in the Fire Prevention parade.

QUIET!



One thing at Graham hasn't changed -- the daily devotionals. Each morning during homeroom, we pause for a moment of meditation. These thoughts for the day are given by members of speech. Here is Wayne Hooper.

Junior Play

"See How They Run"

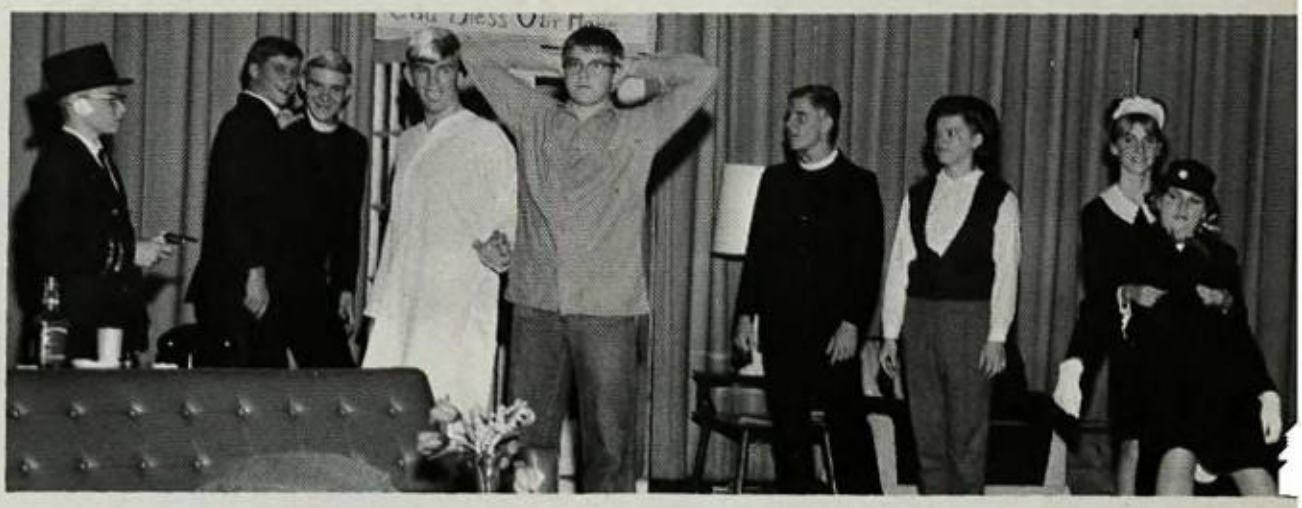
They pulled the strings.

Directors: Mrs. Hodges, Mrs. Compton, and Mrs. Eades.

SHE'S OUT COLD!
You'd be too if you thought the minister's wife was being untrue to her husband. What a scandal!

BEHIND THE SCENES

Without these people the play couldn't have been a success. Row 1: Betsy Mays, Diana Musick, Freda Thompson, Linda Warden. Row 2: Sue Goodwin, Cathy Cordle. Row 3: Billie Jean Hagy, Dreama Brooks, Alice Presley, Martha Earnest. Row 4: Diana Hoops, Harry Rogers, Grey Matthews, Wayne Lilly, and Roger Owensby. Betsy was student director of the play -- something new at Graham.



OOPS! JUST A HEART ATTACK!
Bill Seyler, Steve Cook, Tommy Ambrister, and Barry Frye, seem amused rather than frightened at the intruder with the gun. Did the lady faint? Would these crazy kids really know?

STAY AS YOU ARE!
Barry Frye, Sue Michaels, Sharon Jones, Peggy Whitenack, Steve Cook, and Linky Carter portray an exciting scene. Linky is the minister and Barry is a Bishop. HONEST!

Winter Comes to G.H.S.

"SILENT NIGHT, HOLY NIGHT"

GAA CAROLERS

Snow did not prevent these happy singers from wishing a Merry Christmas in song on December 20.

SCA TREE

Student Council members decorated a tree and invited students to bring gifts of food for the needy.

SPEECH CLASS PERFORMS

Annually the Speech Class and Choir present a Christmas program. The choral readings were "The Nativity" and "Christmas Canticle". Miss Douthat directed this part.

SANTA'S VISIT

Santa (Alvin Lester) pauses in his rounds to greet GHS students and Mrs. Richardson.

CHOIR

The choir gave a program of old and new songs under the direction of Mrs. Richardson. "The Little Drummer Boy" is a favorite.

The Cleo Lawson Mitchel Scholarship was established by Ormsby MacKnight Mitchel in memory of his wife, Cleo Lawson Mitchel, who spent her childhood in Bluefield.

A trust fund was set up to provide a scholarship each year for some worthy college bound student -- preferably a girl going into education.

Other funds have been granted from the Mitchel Foundation. Four students are now sharing these awards. Mr. Mitchel's interest in education will make it possible for many students to go to college.

BUSINESS MACHINES
A new course helps students learn modern business machines.

CADET TEACHERS
Donald Pitts, Ronald Pitts, Erskine Davis, and Shirley Ward (Bluefield State) did practice teaching at Graham. This is a first.

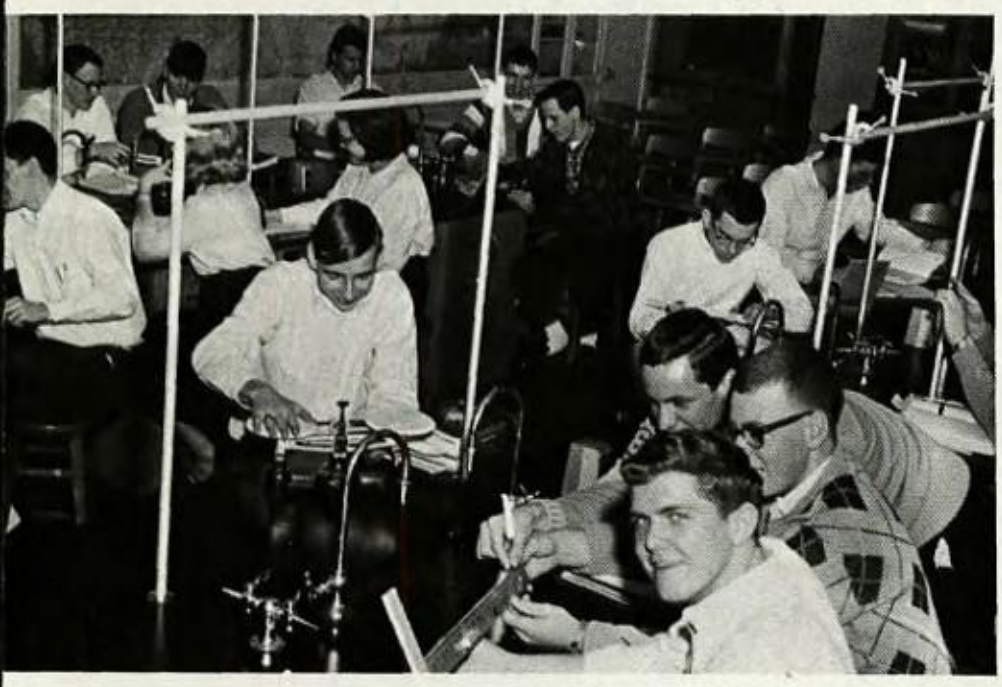
ENGLISH CHANGES
Teaching of English takes on a new look.

TWO IN ONE
From Room 105 and the Journalism Room Government and journalism moved into 107. Recitation, typing, and annual work go on at the same time. It works!

Changes

MODERN MATH
Old, yet new, math has become modern to meet the challenge of the space age. Conrad Spangler, Betty Peery, Janie Hess, Jackie Necessary, and Joe Long inspect exhibits.

ENGLISH IN ACTION
Teaching English grammar takes on a new face with the overhead projector in Mrs. Hughes' class.



PHYSICS
Only a few students take physics -- certainly a must in our scientific world.

THE WORLD GROWS SMALLER
Maps make history come alive. Slides, globes, and new maps all add to knowledge and understanding of social studies.

HEAR YOURSELF SPEAK
Students can't believe their ears! The tape recorder tells the tale. Hear yourself talk and change.

ANOTHER CHANGE
The '52 Studebaker gave way to a new model. Boys, you don't have to push any more.

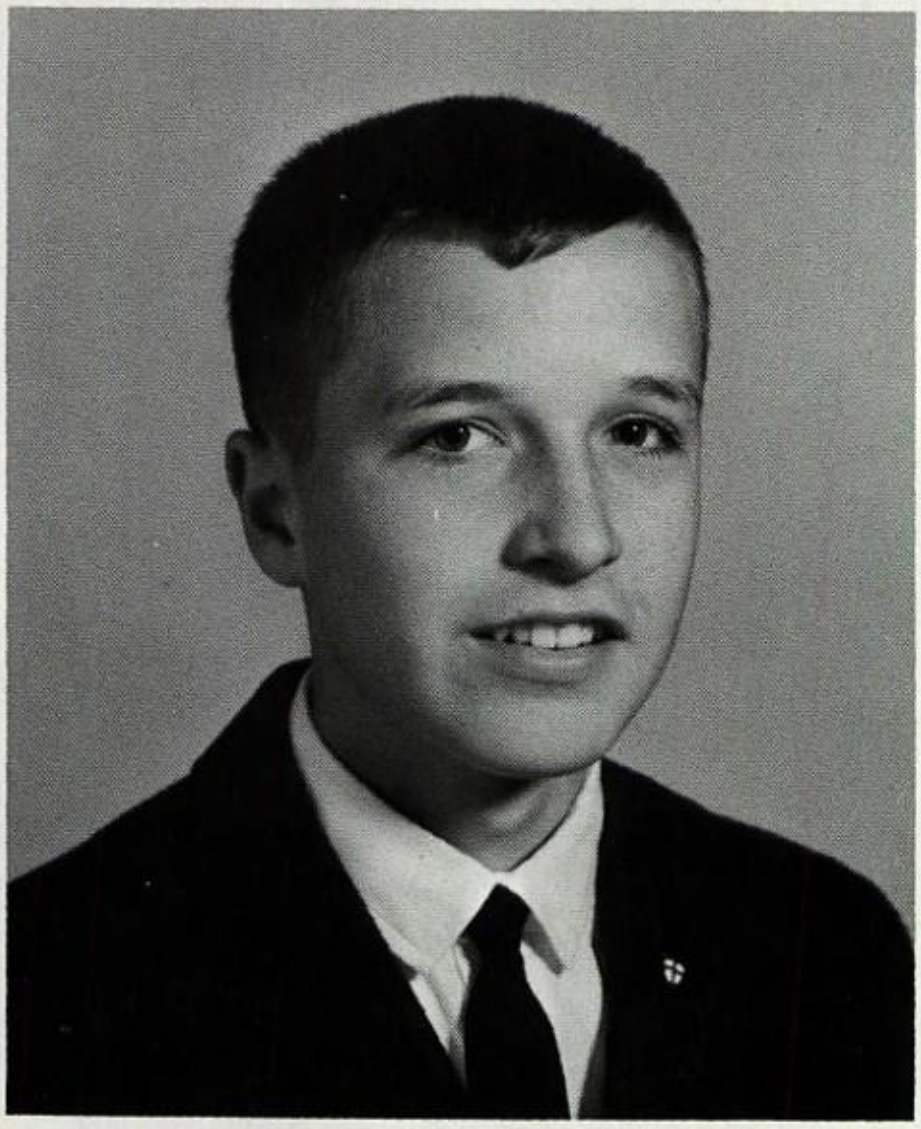
In Memory of a Classmate



David Hurt Kahle

May 25, 1948-July 14, 1965

David was killed accidently. He would have been a senior this year.

Lost, like pebbles on the beach
Washed out into the sea
Missed, but not forgotten,
By friends like you and me.

The empty space he left,
Within our hearts and minds
Brings memories of a cheerful face,
To classmates left behind.

In 1882 Edison had a great idea - - and it wasn't the electric light!

The whole idea of investor-ownership of electric light and power companies began when Thomas A. Edison and a group of investors financed his first power plant more than 80 years ago.

Since then, investor-owned companies like ours have become an integral part of America's Free Enterprise system. That explains why today we have at our fingertips more electric power than any other country in the world.

And it's this same Free Enterprise system that puts at *your* fingertips greater opportunity, greater expectation for success than can be hoped for by any other young people in the world.
